## SKELETON FOUND!

Mysterious Discovery While Digging a Grave at Hickory Ridge.

Yesterday a skeleton was unearthed while digging a grave for the burial of Edward Bryan in the rural cemetery at Hickory Ridge, a few miles back of Aberdeen.

At the depth of five feet the diggers came upon a trough that had been hewn out of a log similar to the old-fashioned "hog troughs." This was covered with an old door, and removing this a skeleton, which had been "chopped off at the knees," as the discoverer expressed it, was discovered.

No one is able to tell how it got there.

## MAD DOG SCARE.

Fleming Pike Quarantined For a Short Time Yesterday.

The residents of the Fleming pike and hill-side were in a commotion yesterday afternoon over the report of a mad dog being in their midst.

A policeman was sent for and a strict surveillance kept on the thoroughfares that pedestrians might not run into his dogship unaware.

The cause of the whole affair originated from a small dog biting a little girl on the leg—not sufficiently to break the skin or draw blood.

The death of the poodle was held in abeyance until this morning, when a court of inquiry will be held that will decide the fate of the innocent animal.

THE black spot placed on Kentucky by the murder of Senator GOEBEL cannot be wiped out by the conviction of his suspected murderers by perjured testimony and packed political Juries.

WHEN a Federal Judge tries a political prisoner, he demands a Jury made up equally of both political parties; when a Kentucky Goebelite Judge tries a political prisoner, the Jury must be unanimously Goebelite.

THE Goebelites never tire of condemning the Republicans for trying to retain the offices to which the people of Kentucky had elected them, but one hears never a word in denunciation of the thieves who stole them.

NOBODY was surprised at the verdict in the Caleb Powers trial. It would have been surprising, however, had the unanimously Goebel Democratic Jury reached any other conclusion when the victim was a Republican whom the people of Kentucky had elected Secretary of State at the same time that they elected W. S. TAYLOR to the Governorship.

ON account of Labor Day being a National Holiday, and falling this year on the first Monday in September, the Public Schools will not open until September 8th.—Bull. Letin.

Unfortunately, perhaps, there is no such thing in this country as a "National Holiday"—not even the Fourth of July; but will the esteemed contemporary please say what day Labor Day fell on last year, or what day it will fall on next year—inasmuch as it is booked always to fall on the "first Monday in September?"

JUST as THE LEDGER expected. The "lone Republican" who was on the Powers Jury turns out to be a regular Goebel Democrat—one DENNIS HANEY, who lives near Millersburg, who has a picture of GOEBEL hanging in his home, and who is a Goebelite "heeler" at the polls during election times. THE LEDGER had too much faith in TOM CAMPBELL the Jury fixer to believe for a moment that he would allow a Republican to serve on a Jury that he had "fixed."

It is sincerely hoped that Colonel THOMAS C. CAMPBELL of the Powers prosecution will make good his promise and take the conspiracy cases to the Supreme Court of the United States in his efforts to secure the return of "fugitives" FINLEY and TAYLOR by Governor DUBBIN of Indiana. The presentation of this whole affair to the Supreme Court is just what is wanted; and then it will be seen whether the principle is to prevail that unanimously partisan Juries are the proper ones to try persons charged with political crimes. But CAMPBELL is only working his usual "bluff" through the newspapers. He has no more idea of going to the Supreme Court than he has of going to Heaven.

JUDGE FOR YOURSELF.

Which Is Better—Try An Experiment or Profit by a Maysville Citizen's Experience.

Something new is an experiment—Must be proved to be as represented. The statement of a manufacturer is not convincing proof of merit; But the indorsement of a friend is. Now, supposing you had a bad back—A Lame, Weak or Aching one, Would you experiment on it? You will read of many so-called cures indorsed by strangers from far away places.

It's different when the indorsement comes from home. Easy to prove local testimony. Home indorsement is the proof that backs every box of Doan's Kidney Pills. Read this case.

Mr. Fred W. Bauer, job printer of 4 East Second street, says:

"For a year or more I had considerable pains in my back. The secretions from the kidneys were dark and there was some inflammation of the bladder, evidenced by a sensation of scalding. Doan's Kidney Pills came to my knowledge and I procured them at J. Jas. Wood & Son's Drugstore corner of West Second and Market streets. The treatment soon restored the kidney secretions to a natural color, ended the inflammation, banished the pain from my back. If a cold or any other cause should bring on a recurrence I now know what to use."

For sale by all dealers. Price 50c. Mailed by FOSTER-MILBURN CO., Buffalo, N. Y. Sole Agents for the United States. Remember the name—DOAN'S—and take no substitute.

THE LEDGER hopes most sincerely that the Republican Courts of Kentucky will not follow the Democratic precedent of trying political cases before partisan Juries.

UNDER the able management of TOM CAMPBELL, whose "Jury fixing" caused the Cincinnati riots of 1884, it is now a well established precedent in Kentucky that unanimously Democratic Juries are to try Republicans charged with political crimes. Now, then, let's "hang TAYLOR and damn the Republican party."

ACCORDING to some very wise people, factories don't do no town no good nohow. And yet the little town of Ashland last year paid out to workingmen the sum of \$1,373,000, an average of \$76.33 per month to each voter—nearly every dollar of which was spent with the merchants and house owners of the town. And here sits old Maysville, contented in the abandonment of her Fairgrounds and the abundance of her mud and dust!

IN his argument in the Powers case at Georgetown TOM CAMPBELL said—

"There are twenty murderers in Kentucky to one in New York when the population is considered, and there are twenty-one pardons in Kentucky to one in New York. The average service of life-term prisoners in the Frankfort Penitentiary is seven years."

Considering the fact that Kentucky never had but one Republican Governor, while the Governors of New York have nearly all been Republicans, wasn't Tom a little bit rough toward his Democratic friends?

EX-GOVERNOR W. S. TAYLOR has given out the following signed statement in regard to the conviction of HON. CALEB POWERS—

"When it is remembered that CALEB POWERS has been convicted for political purposes and to cover and obscure the monstrous crime of robbing him of his office by the use of the \$100,000 perjury fund, and by indicting and then bribing with immunity and money cringing creatures to swear his life away in three bitter partisan Courts, before three packed partisan Juries, deliberately selected to convict, no one is surprised.

"His conviction is the most diabolical political crime of the age. The verdict does not in fact nor in the minds of just men anywhere make him any more guilty than did the conviction of ROBERT EMMET make him guilty. CALEB POWERS is an innocent man."

THE trial of HON. CALEB POWERS was in progress four weeks, and at its close the defendant made an argument which will have a place in the annals of criminal practice. In his argument he said:

"If you men are trying this case as a political question, with your ears opened to any evidence against me and closed to any evidence in my favor, then nothing to which witnesses have testified and nothing that I can say will influence your verdict, and you will find me guilty; but if you are trying this case impartially, then I can convince you of my innocence and your verdict will acquit me."

The condemned man still holds this view of the case, judging from what he said to a correspondent when asked what he had to say about the verdict:

"I have little to say aside from what I said in my argument to the Jury. They can hang me. I have none of the Culton blood in my veins, and I would not perjure myself to satisfy the prosecution or gain immunity. Death upon the gallows can only end my misery, but it will be known to all men sooner or later that I had no part in the alleged plot to murder Senator GOEBEL, and the infamy of hanging an innocent man because of political exigencies will be exposed."

On a recent visit to Charter Oak Cemetery, the writer is of an opinion that from its condition the owners of lots there forget they have relatives buried there. It looks more like a briar patch, with few exceptions, than the city of the dead.

Aberdeen has a novelty in a "Watermelon Park," owned and operated by a Mr. Shumate, formerly of Bourbon county, below the lower grade. He keeps it illuminated at night time, and has many visitors. Those buying melons are cordially received and those who want to borrow melons are saluted with shotgun.

The School Board of Aberdeen has been officially notified that fire escapes must be erected on the school building, and steps have been taken to carry out the decision of the State Inspectors of Public Halls and Buildings. The Masonic Temple Trustees received notice also that their building was in good condition and that its exits conformed to the state law.

### CAUTION!

This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1833 for the cure and treatment of Consumption and Throat and Lung troubles without losing its popularity all these years, you will be thankful that we called your attention to those who's German Syrup. There are so many ordinary cough remedies, made by druggists and others that are cheap and good for light colds perhaps, but for severe Coughs, Bronchitis, Croup, and especially for Consumption, where there is difficulty expectoration and coughing during the night and mornings, there is nothing like German Syrup. The size has just been introduced this year. Regular size 75 cents. At Henry W. Ray's, next door to Postoffice.

## LURKING WORMS

When children are pale, peevish and fretful, don't sleep well and don't thrive, suspect intestinal worms. They can't be strong and robust when these parasites are sapping their vitality. Children used to receive better attention in this regard, and were the better for it.

### CHENOWETH'S WORM POWDERS

Expel every lurking worm, and are just as harmless as they are effective. Contain nothing poisonous; destructive to worms only.

## The 8 Hour Day

Which the working man has fought for and succeeded in obtaining is something the wife has no share in. Her day begins before his and ends long after it, as a rule, and many a night her rest is broken by the baby's fretfulness. The healthiest woman must wear out under such a strain.

What can be expected then of those women who are weakened by womanly diseases? Women who are weak, worn-out and run-down will find new life and new strength in the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness. It makes weak women strong and sick women well.

**\$500 REWARD FOR WOMEN WHO CANNOT BE CURED.**

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States, for any case of Leucorrhea, Female Weakness, Proflapsus, or Falling of Womb which they cannot cure. All they ask is a fair and reasonable trial of their means of cure. "I suffered with female weakness about eight years—tried several doctors but derived no benefit until I began using Dr. Pierce's Favorite Prescription," writes Mrs. John Green, of Danville, Boyle Co., Ky. "This medicine was recommended to me by other patients. I have taken six bottles and I feel like another person." Refuse all substitutes. Dr. Pierce's Pleasant Pellets should be used with "Favorite Prescription" whenever a laxative is required.

One of the fastest falls in the waters of the Pittsburgh rivers within the recollection of rivermen occurred Saturday night between twilight and daybreak. Rivermen awoke Sunday morning to find that the rivers had fallen 3 feet and grave fears for the coal fleet were expressed on all sides. A rise at Warren of over 2 feet is looked for. The wharfboats, the I. C. Woodward and the excursion barge Beauty were all aground Sunday morning. For several hours towboats worked to bring the craft into deeper water. Several coalboats and other craft were left aground by the rapid fall.

Edward DeWitt was brought up from Dover last night on the Maysville Accommodation and placed in Jail charged with flourishing a revolver. The way he was handcuffed one would have thought he was a train robber or some other kind of a desperado.

**A Remarkable Record.**  
Chamberlain's Cough Remedy has a remarkable record. It has been in use for over thirty years, during which time many millions of bottles have been sold and used. It has long been the standard and main reliance in the treatment of croup in those lands of houses, yet during all this time no case has ever been reported to the manufacturers in which it failed to effect a cure. When given as soon as the child becomes hoarse or even as soon as the croupy cough appears, it will prevent the attack. It is pleasant to take, many children like it. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by J. Jas. Wood & Son, Druggists.
